

## **PUBLIC NOTICE**

### **Public consultation – Programme particulier d'urbanisme (PPU)**

#### **North Hatley village center**

To interested individuals and organizations,

The municipal council of the Village of North Hatley has begun developing a Programme particulier d'urbanisme (PPU) for the village center. This planning tool will help define a development vision, guide the future development of a strategic sector, and provide a coherent, sustainable framework for interventions that are adapted to local realities. It is a continuation of the master plan developed in collaboration with domus architecture + design and adopted by the council last October, which was enriched by citizen consultation workshops.

As part of this process, the Municipality wishes to continue the dialogue with the public and invites citizens, organizations, and stakeholders to participate in a public consultation session.

Date and time: **Monday, February 23, 2026, at 6:30 p.m.**

Location:

**Lucien-Vachon Hall at St. Elisabeth Church**

**3115 Capelton Road, North Hatley, QC**

#### **Citizen participation process:**

The Municipality is committed to developing the PPU in a transparent and participatory manner. This process aims to promote dialogue, gather the community's views, and enhance the project by taking into account the concerns and aspirations expressed by citizens.

#### **Purpose of the consultation:**

The purpose of the consultation session is to present the main guidelines of the PPU and to gather comments from the public on any issues and/or proposals for the development of the village center, particularly in relation to:

- The vision for the area and its context of application;
- The development objectives;
- The regulatory tools;
- The action plan

Citizen participation is an essential part of this process and will help guide the municipal council's final decisions.

#### **Schedule for the session:**

1. Welcome and meeting presentation
2. Presentation of the PPU
3. Presentation of upcoming regulatory tools
4. Discussion and question period
5. Closing of the session
